There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

L. R. WATSON,
Circuit Court Clerk

H. E. Brown of Palestine turned over \$15.28 to J. M. Lockhart, secretary of Camden Chapter American Red Cross Tuesday.

This fund was secured at an ice cream supper given at Pleasant Hill Saturday evening for the benefit of the Red Cross.

The spirit and example of the good people of that community is to be commended, and, we trust, will be emulated by others, for there is no more worthy cause today than the Red Cross is doing throughout the world.

The grocery stores of K. G. Whitfield and G. W. Clark were broken into and robbed Monday night.

There is no clue to the perpetrator of these petty crimes which have occurred in Camden since early summer. We understand a detective will be put on the job.

Dr. G. P. Hicks and family left last Monday for Paris, where Dr. Hicks has been employed as physician by the Louisville and Nashville Railway. Camden's loss is Paris' gain, and we wish the family much success in their new home.

Strayed—A 3-year-old black Jersey heifer, a little white on each flank; escaped from old depot last Friday night with rope about neck. Will pay a reward for its recovery.

Mrs. C. C. Cowell, Route 3, Camden, Tenn.

Avoid Typhoid During These Summer Months

So many dangerous ailments are brought on during the hot summer months simply because we do not keep our system thoroughly cleansed and strengthened against disease. We let our vital organs get clogged up, we become weak and rundown and are therefore more susceptible to typhoid, malaria, chills, fever and other summer complaints. The best thing to do for avoiding these and other ailments, is to take plenty of Vin Hepatica, the famous preparation composed of eight of the finest herbal remedies known to medical science. Not only does it cleanse the system of impurities, regulate the vital organs, but it tones up your nerves, brain and muscles and keeps you in finest trim, stops your indigestion and biliousness; also fine for the nerves. Come in or send in and get a bottle now and begin taking it at once.

MRS. ELLEN ANDERSON DIED LAST MONDAY

Died, at her home in Camden, Monday September 16, Mrs. Ellen Anderson, aged 68 years, of typhoid fever. Impressive funeral services were held Tuesday afternoon at the Baptist Church, of which she was a member, after which all that was mortal of this aged mother was tenderly conveyed to the Silent City west of town, where, by the side of her departed husband, she is now at rest.

All the care and love that skillful physicians and an anxious household could devise and apply for her comfort and assistance were brought into play, but the fiat of Him that rules over our destinies had been issued and after a brief struggle, despite the prayers and entreaties of those who knew and loved her, the appeal was overruled and her bodily sufferings came to an end.

Dentist Coming.

I will be in Camden on Monday, Tuesday, Wednesday, Thursday and Friday September 23, 24, 25, 26 and 27 for the purpose of doing all kinds of dental work.

If you have any work come and see me at the Hudson Building on the above dates.

Examination free.

SAVINGS DEPARTMENT

The strength of the Nation lies in the thrift of its people.

The savers, building up their independence little by little, are the foundation.

If you would share the benefits of a prosperous Nation, you should save and deposit regularly a definite portion of your earnings.

Whatever your motive in saving—to benefit others or yourself—the advantages derived far outweigh the effort required to become a consistent and persistent saver.
